Is ESPERANTO Worth Learning?—Most Decidedly

The International Language was used with much mutual benefit by the Universal Red Cross Societies.

With a view to this scientifically-evolved and easily-acquired Language becoming the means of intercommunication after the War, business people in several countries are satisfactorily preparing for "the good time coming." Britons learned Esperanto sooner than they could the Russian alphabet, and foreigners acquire a fluent use of Esperanto long, long before they can understand our words and the fickleness of our spelling.

An International Language is an attempt to save the greatest amount of labour and open the widest fields of thought and action to the greatest number. From "The International Language, Past, Present, and Future," by W. J. CLARK, M.A.

International Congresses are again being held Annually:

The Twelfth was held at the Hague in 1920,

The Thirteenth at Prague in August, 1921,

The Fourteenth at Helsingfors, Finland, in August, 1922,

The Fifteenth at Nürnberg, Bavaria, in August, 1923, and

The Sixteenth at Vienna, Austria, in August, 1924.

In Neutral and Belligerent Countries during the War, the National Societies had their Annual Congresses as usual, and communications were opened with the wounded and prisoners.

The International Language is

PREFACE TO 1924-25 EDITION.

WE have again diligently collected and carefully arranged the useful and up-to-date information regarding Buteshire—the Officials for the whole county and its individual parishes, and Householders and Business people in the more enterprising districts.

Notwithstanding the continued very high prices, we have striven to maintain our Directory as full as in pre-war times, and that without a subsequent commensurate advance of rates. With the continued support of former patrons, we, with patient industry, will continue in the way of well-doing.

As our Advertising friends appreciate the continued distribution of their announcements facing the ordinary reading matter, we, with prompt receipt of orders, we will keep permanent this decided benefit.

This DIRECTORY is not only at hand for reference at all times throughout the whole county, but it is also ready for reference in the public libraries of Scotland, England, Ireland and Wales, and also in numerous business houses and agencies in busy centres ; and we are particularly anxious that nothing of benefit to Buteshire is omitted, but that all interests have a good show, and everything brought thoroughly up to date.

[For a number of years we have corresponded, per the International Language, with persons in all civilised lands, and in our spare pages we again give glimpses of some our propaganda—which, we trust, will here interest those who hope for international peace, good-will and harmony.]

Those who wish Lists of Householders arranged in Streets or Districts can get that in the Official Voters' Roll—in whole or in parts.

Our best thanks are again accorded to those who have in any way helped us in this compilation. It takes long and careful vigilance to ascertain and give effect to the continual changes.

"One of the most gratifying messages of good will that has reached us this season comes from Rothesay, Scotland, in the form of a 'Heather Christmas Card' issued by Messrs Higgle & Co., of that favourite resort.

The two inside pages are surrounded with mottoes, every one of which breathes a true Scottish sentiment of good will to absent relatives or acquaintances. Along with this card Messrs Higgle & Co., send us a copy of their guide to 'Bonnie Scotland's Resorts,' a wonderful little compendium of descriptive and historical information."—*New Zealand Times*, Wellington.

"They're faur, faur awa', but thir hearts are kind and true—

The auld house at hame is ever in their view :

The Bonnie Heilan' heather and the hilltaps clad wi' snaw—

Thir hearts are aye in Scotland though they're faur, faur awa'."

LONG LIVE THE BUTE DIRECTORY.

The **Opinions** of the **Press** and the **Acknowledgments** of **Libraries** are as complimentary as ever. The "Glasgow Evening News" makes the following appreciation of "**Local Colour**.—The compilers of the Bute County Directory have an ingenious method of making up the local colour and stimulating local pride. Instead of filling up the Calendar with the stock anniversaries, they have put against each date a local happening." Thus—[Two events mentioned]. "It is certainly an idea that makes for 'atmosphere.'"

THE COUNTY DIRECTORY.

The Buteman says—"This useful manual The book extends to 150 pages, costs 2s, and the contents are as complete and reliable as formerly."

Largs and Millport Weekly News— . . . "The different trades in Bute and Cumbræ are set out, which is a convenience for many folks. The booklet is commendable in many ways, and to those whose interest lie in the life of their community, the value of it on perusal is at once apparent."

COUNTY OF BUTE.

THE COUNTY OF BUTE comprises the seven islands in the Firth of Clyde, viz. —BUTE, the most populous; ARRAN, the largest; the GREAT and LITTLE CUMBRAES, off the Ayrshire Coast; HOLY ISLE and PLADDA, off Arran; and INCH-MARNOCK, off Bute.

The total AREA of THE COUNTY (land and water, exclusive of tidal water) is 139,658 acres, of which 53,510 are mountain and heath lands used for grazing. 3,806 acres are under plantations, and 794 are covered with water. There are 25,981 acres under all kinds of crops, bare fallow and grass, which is a gradual inroad on the mountain heath and hitherto uncultivated land.

The principal INDUSTRIES are agriculture, horticulture, and fishing. The islands possess great and varied natural attractions, and are in the forefront as holiday resorts.

The **Population** of the COUNTY (including its Burghs of ROTHESAY and MILLPORT) in 1801 was 11,791; 1831, 14,151; 1861, 16,331; 1881, 17,657. In 1891 it was 18,248 (8,057 males and 10,197 females); and in 1901, 18,786 (8,412 males and 10,374 females)—being an increase of 255 in the ten years—2·1 per cent. There were 4,270 inhabited houses in the islands.

For 1911, the figures were as follows:—

	Males.	Females.	Total.	Revised total.
Arran - - -	2,169	2,402	4,571	4,628*
Bute (including Rothesay)	5,081	6,781	11,799	11,851
Cumbræ - - -	704	992	1,696	1,707

*The increased total issued in the Quarterly Return of the Registrar-General compared with the returns lodged with the Sheriff-Clerk, may be accounted for by the enumeration of the shipping.

the decreases since 1901 are as follows: Arran, 209; Bute, 330; Cumbræ, 62—601.

The population at the postponed 1921 census [taken in June instead of April] for the county, was 33,711 (13,880 males and 19,831 females)—being an increase of 15,525 over 1911.

Parish of North Bute.

THIS is the northern portion of the island of Bute. Port-Bannatyne, its principal village, is two and a-half miles from Rothesay, with which it is connected by tramway. Kames Castle, in the vicinity, is said to be the oldest inhabited castle in the country, and was the ancient seat of the Bannatynes. The village was named after that family—two brothers of whom (John and Gilbert)—received a charter from King Robert the Bruce, for services rendered at Bannockburn.

At the 1921 census, (taken in June instead of April) the parish contained 1201 males and 1529 females—total, 2730.

BUSINESS Education

SHORTHAND, TYPEWRITING, ESPERANTO, AND BOOK-KEEPING.

MR HIGGIE'S CLASSES FOR PRACTICAL INSTRUCTION are conducted during the two Winter Quarters—October till December and January till March.

PRIVATE TUITION BY ARRANGEMENT.

Shorthand continues to be taught with a view to its subsequent usefulness in Business and Professionally.

In **Typewriting** special attention is devoted to Punctuation and Capitalisation—a thorough knowledge of which is absolutely necessary in Practical Printing, and cannot longer be neglected by those aspiring to be First-Class Typists.

Esperanto.—This wonderful International Language is already used for Business and Pleasure in all parts of the world. Mr HIGGIE is in touch with important regions all over the world, and regularly corresponds with persons everywhere—notwithstanding their different national languages.

This auxiliary language anticipates the happy time when there will be “Peace on earth and good will to men,” which is coming yet in spite of the present times of “great tribulation”—caused by covetousness, selfishness, greed, and wanton hindrance to peaceful re-construction. The efficacy of the International language in tracing missing friends and making new ones has been and is being repeatedly evidenced.

Anticipating the boom in International Trading after the World War, experiments by means of inter-correspondence in Esperanto are being made by business firms throughout the world with eminently satisfactory results. It is not the tyrants but the “meek who shall inherit the earth.” The blatant, self-righteous and arrogant despots were beaten, but Righteousness is yet to be exalted, and frightfulness loathed. The longed-for League of Nations is evolving, when harmony and good-will shall yet reign in spite of all present discord and opposition—but not without many sacrifices, much service and suffering. Prosperity will not come through desiring something for nothing, but through universal patient industry for the public good.

Book-Keeping.—Instruction given in Book-Keeping and other Up-to-Date Business Methods. Advertisement Writing is a Present Day Enviable Profession, and the ground-work and minutiae have long been familiar to Mr Higgle, a practical Printer.

Messrs HIGGIE & COY.'S ESPERANTO PUBLICATIONS are known, read and appreciated throughout the whole civilised world. Many of the contributions are written by up-to-date foreigners.

International Language.

ANOTHER TRIUMPH FOR E S P E R A N T O.

THE BRITISH ASSOCIATION some years back appointed a Committee to enquire into the practicability of an INTERNATIONAL AUXILIARY LANGUAGE. The committee published an interim report in 1921 recording the conclusions that an AUXILIARY INTERNATIONAL LANGUAGE is practicable, that Latin and Existing National Languages are unsuitable, and that an "Artificial" or Synthetic Language is best.

Since that date the Committee have further considered the matter, and have now finally decided to *recommend the Adoption of*

THIS parish is rich in ecclesiastical history. The Irish Bishop, St Cattán, landed here in the year 439. He was uncle of the famous St Blane. The parish includes the popular village of Kilchattan Bay, which is about seven miles from Rothesay, and has regular connection by steamer and bus. The population in 1891 was 1062; in 1901, 1056; in 1911, 967; and in 1921, 644 males; 836 females; total, 1480

SPELING REFORM

THIS IS NOT A NEW DESIRE; BUT BESPEAKS
A GREATLY INCREASED INTEREST IN A
VERY IMPORTANT SUBJECT AT THE PRESENT
TIME. Under the appropriate heading,

“A Wasted Year,”

there appeared, on 3rd May, 1924, a Special Article in the *Evening Citizen*, Glasgow, showing that this is the time lost in the life of every child in Britain while acquiring the irregular and inconsistent spelling of our language.

The SIMPLIFIED SPELING SOCIETY is promoting a petition to present to the Prime Minister, calling for the appointment of a Royal Commission—including Scholars, Teachers, Men of Letters and Men of Business—to consider the whole question, and report.

Experiments already made by enthusiasts have proved eminently satisfactory, and shows how much valuable time will be saved for other studies by the removal of the spelling incubus.

The Speling Reformers include all classes of the people, and the question is not a party one.

It may interest you to see my Year-Book, a copy of which I enclose. Please accept with my best wishes. Believe me, yours faithfully,

The Isle of Arran.

THIS island, the largest in the group, is famous for the grandeur of its scenery and the variety of its geological deposits. The island is twenty miles in length twelve in breadth, and is divided into two parishes—Kilbride on the east, and Kilmory on the west. The late King Edward and Queen Alexandra spent a very pleasant holiday in the island after their postponed Coronation in August, 1902, and witnessed some very interesting sheep dog trials—which lengthened their stay

CHARM of the HEATHER

A SPRIG OF SCOTS HEATHER is as lightly thought of at home as a drink of cold water (of which there is more than enough to spare), but it is an inspiration and a valued reminder of the pleasantest of memories to Scots and their friends abroad.

The exchange of national floral emblems will yet become exceedingly popular among those who work for human brotherhood.

We produced Victory Commemoration Bookmarks—in connection with the Armistice, the Signing of Peace and the succeeding Joy Day Celebrations,—which were considered very appropriate.

Remember Friends Abroad.

While enjoying holidays remember to gather sprigs to send to friends abroad, or in response to appeals you will see in leading Scottish weekly newspapers.

We have for years sent boxesfull of heather to friends and societies abroad. We frequently respond to newspaper appeals, and the following is one of the acknowledgments we received :—

East London, C. P., So. Africa, 18th Dec.

Mr George Higgle, 22 Bridge St., Rothesay, Scotland.

On behalf of the East London Caledonian Society I wish to thank you for being so kind in responding to my appeal for heather, which was sold on our Patron Saint's Day, and realised the very handsome sum of £265 5/11, and has been forwarded to the fund for disabled Sailors and Soldiers. The heather was received in first-class condition, and was much prized —Yours faithfully, JAMES FORBES,

Convener of Heather Committee.

It is not only Scots abroad who enjoy a sprig of something that actually grew at home. The Glasgow 'Evening Times,' while the above acknowledgment was on the ocean, printed the following ;—" Flower girls in Argyle Street are making brave display with the mimosa, which comes to us from the Continent before the swallows or even the daffodils dare. It is one of the indications, after the shortest day, that somewhere the sun is shining, and that winter is waning. Australians in town are greatly cheered by the golden glory, for the mimosa is the wattle of their homeland, carrying with it the same significance as the heather to a Scot abroad."

Colonials and others on holiday in this country, have thanked us personally for sending them souvenirs of Scotland when far away; and others have reciprocated by sending preserved leaves and flowers from their distant lands.

The exchange of national floral emblems will yet become exceedingly popular.

Botanical Specimens go through the post at letter or parcel rates.

The Bute County Directory

is the only Publication of the kind printed and published in Buteshire. Its data is carefully compiled, and much time and attention is devoted each year to the careful investigation and noting of the necessary alterations in the personnel of the occupants of public offices, the correct addresses of the general inhabitants, and the latest changes amongst those engaged in business.

The earliest publications connected with Rothesay were Directories, and they are interesting reading even at this time of day.

Our publication not only includes the Burgh of Rothesay (where it has long been most appreciated, but embraces the whole of the County of Bute—from the outlying districts of which more interest is respectfully solicited.

Owing to the increased prices of material and wages, we have been compelled to raise our tariff from pre-war issue, but that advance is not nearly equal to the increased cost of production: We desire not the curtailing of our information, but the continuing of everything as full as possible.

THE BUTE COUNTY DIRECTORY

This DIRECTORY now-a-days contains the information distinctive of both the DIRECTORY and the ALMANAC of past years. The BUTE DIRECTORY, although very useful to the fluctuating visiting population, is not necessarily a fine-weather publication, but a hardy permanent annual.

Our aim, in this publication, is not to record the passing names and achievements of visitors and those who come to cater for them, but something of far greater importance—the registering of the names, standing, and businesses of the resident population—for the information of all having an interest in Buteshire, its burghs and rural districts.

The Directory is, of course, not only for the remaining portion of the year in which it is issued, but continues the only printed reference book for the county of Bute until its successor appears.

One edition of the Directory is no sooner off than we begin to note alterations (and prepare for possible additions) for the next—so that it may be thoroughly up to date. These alterations and probable additions lie at our office, and are at the service of our customers.

Will Secretaries of societies, etc., connected with Buteshire, who do not already do so, please remember to forward to us particulars of their institutions, annual reports and lists of office-bearers, as information for the next issue?

This Directory is not only found all over Buteshire, but in the libraries and other places of public resort in “the adjacent islands of Great Britain and Ireland.”

Price to Subscribers, Two Shillings; to Non-Subscribers, Three Shillings. Postage, Threepence.

BUTE COUNTY DIRECTORY.

The Commercial Library, 21 Miller Street,
18th July, 1918.

Messrs Higgle & Co., Publishers, Rothesay.

We have to thank you for the copy of the Bute County Directory, addressed to the Stirling Library. Since November, 1916, all Directories have been transferred to THE COMMERCIAL LIBRARY, 21 Miller Street. This library has been established for the use of business men, and, as since its opening, we have had over 42,000 visitors, more than one-third of whom consulted the Directories, you will appreciate the publicity your Directory obtains.

Yours faithfully,

JNO PHILLIPS, Librarian.

This DIRECTORY came out regularly during the strenuous years of the Great War.

We are striving to keep the lists as full as ever during the present time of industrial depression. Being optimists, we hope we shall win success.

The Opinions of the Press on the latter issues are as complimentary as formerly.

The "ca' canny" and similar anti-British tactics are paralysing progress and preventing prosperity. Unless there is a determined revival of Industry, what must the harvest be? It is not through the guile and covetous selfishness of the wicked and thoughtless, but through righteous Regeneration that peace and prosperity will be regained.

People are willing to spend money on Holidays as well as on Business, but the blight of strikes, love of idleness and dreams of getting something for nothing, are up in opposition.

The Revival of the Touring Season.

The following sample enquiry letter was received after the War was over:—

Sandown Station Road, Stechford, Birmingham, 12th June, 1919.

Messrs Higgle & Co., A B C COAST GUIDE, &c.

I shall be much obliged if you kindly send me names of any apartments you can recommend at Craigmare, Wemyss Bay, Millport, Craigendoran, and Tarbert * My Guide is 1904. Thanking you in anticipation, yours faithfully, WM. T. JONES.

*Districts included in THE COAST GUIDE.

The above shows the Pleasures the public are again longing for but not enjoying to the full because of the "ca' canny" policy and the charm of living of the rates.

The callous numbing of Busy Hives of Industry throughout the country is ruinous. Charity is a splendid virtue, but it should not not be allowed to encourage pauperism.

NOTWITHSTANDING UNTOWARD CIRCUMSTANCES,
PEACE ON EARTH
IS COMING—

*Not Through Covetousness, Guile or Force,
 but by Good Will, Sacrifice and Service.*

There are 1,500,000,000 Human Beings in the World,
 Speaking over 6000 Languages,
 and Professing Thousands of Religions.

More than Christians believe that la Homaro vivos kunfraturo.

THE GREAT CREATOR OF ALL made of one blood all races of Humanity on the Earth, and when we fell from the high estate in which we were created by our disobedience, Jesus Christ redeemed us, his Gospel of "peace on earth and good will to men" is to be preached to every creature, and "the gates of hell shall not prevail against it." The confusion of tongues at Babel is being followed by the gift of the perfect language foretold by Zephaniah. The walls of Jericho fell before the sounding of the rams' horns at the command of Joshua, and the lingual walls, which have hitherto divided the nations, need no longer, through the genius of another Israelite, prevent "all people that on earth do dwell"—whatever their creeds, colours or idiosyncrasies—from satisfactorily communicating with each other by means of

Esperanto, like ENGLISH, is made up from other languages: its roots are taken from the same jungle, but scientifically treated in a garden *pro bono publico*.

The 11th Annual International Congress was to have been held in Edinburgh in 1915, but the Great War, which prevented the holding of the 10th at Paris the previous year, was the means of causing the transfer of the 11th to San Francisco. To commemorate the opening of the Panama Canal a big Exhibition was held there, and a l'uta Pacifika Esperanto Kongreso developed into the 11a Tuta Mondo Esperanto Kongreso.

The 12th Kongreso Internacia was held at the Hague, Holland, in 1920; the 13th at Prague, in 1921; the 14th at Helsingfors, Finland, in 1922; the 15th at Nürnberg last year, and the 16th at Vienna this August.

Esperanto—the language of peace on Earth and universal brotherhood—is steadily spreading. It is much easier to learn and comprehend than any national language, and does the work of all. On the Continent during the Great War it was an incalculable blessing to Red Cross work and tracing the missing. It was a veritable open sesame into everything good. The world-wide Boy Scout movement has taken up the study of la kara lingvo. It was used at the great international Jamboree in London, a meeting so happy and harmonious that it was appropriately closed by the singing of Auld Langsyne. Esperanto is more easily learned than alphabets of some languages, and as it has no politics, religion, or physical force or selfish aims of any nation, but is pre-eminently *pro bono publico*, and peculiarly fitted for cementing and making permanent and happy the coming efficiency of the League of Nations. That organisation has unanimously recommended the official and universal adoption of Esperanto, and its teaching in the schools of all civilised countries.

The Introductory pages of this publication had the distinction of being
the first National Guide Book printed in Esperanto.
